

**Cancer Services of New Mexico's  
Virtual Cancer Retreat**

**“Ask the Oncologist” Panel Guide**

The “Ask the Oncologist” Panels provide an extended forum for Retreat participants to have New Mexico’s leading cancer specialists answer questions about specific medical issues. They are always a high point of the program!

**Questions about every cancer type will be addressed by the panels.** Similar cancer types are grouped together, so that much of the content in each session will be relevant to many of the participants.

**Select your panel based on your primary\* cancer type:**
